Thursday, April 23, 2015 - 10:07am

Declares 28-Cent Second-Quarter 2015 Dividend

The board of directors of Pfizer Inc. today declared a 28-cent second-quarter 2015 dividend on the company's common stock, payable June 2, 2015, to shareholders of record at the close of business on May 8, 2015. The second-quarter 2015 cash dividend will be the 306th consecutive quarterly dividend paid by Pfizer.

"In 2014, we returned nearly \$12 billion to shareholders through dividends and share repurchases," said Ian Read, chairman and chief executive officer. "In 2015, we are continuing to take actions to enhance shareholder value, including our dividend increase announced in December 2015 and share repurchase activity, as well as our proposed acquisition of Hospira, which we expect to strengthen our business and accelerate near-term value creation for shareholders."

Preliminary results from the Annual Meeting of Shareholders held today indicate that the company's 11 director nominees were re-elected to one-year terms and that shareholders ratified the selection of KPMG LLP as Pfizer's independent registered public accounting firm for the 2015 fiscal year. In addition, shareholders voted in support of the board-sponsored proposal to approve, on an advisory basis, the compensation of the company's named executive officers.

In other voting, a shareholder proposal was not approved by the shareholders.

The final results are subject to verification by the independent election inspectors. The final results will be reported on a Form 8-K to be filed by Pfizer with the Securities and Exchange Commission in the next few days.
