

# Zoetis™ Files IPO Registration Statement

Sunday, August 12, 2012 - 08:51pm

Animal Health Business Of Pfizer

(BUSINESS WIRE)--Pfizer Inc. (NYSE: PFE) today announced that its subsidiary, Zoetis™ Inc. (zō-EH-tis), filed a registration statement with the U.S. Securities and Exchange Commission for a potential initial public offering (IPO) of Class A common stock. The offering is expected to represent an ownership stake of up to 20 percent. Prior to completion of the offering, which is targeted for the first half of 2013, Pfizer will transfer its animal health business to Zoetis. The number of shares to be offered and the price range for the offering have not yet been determined.

A registration statement relating to these securities has been filed with the Securities and Exchange Commission but has not yet become effective. These securities may not be sold nor may offers to buy be accepted prior to the time the registration statement becomes effective. This press release shall not constitute an offer to sell or the solicitation of an offer to buy, nor shall there be any sale of these securities in any state or jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such state or jurisdiction.

J.P. Morgan, BofA Merrill Lynch and Morgan Stanley will act as the joint book-running managers for the proposed IPO. When available, copies of the preliminary prospectus relating to the proposed IPO may be obtained from J.P. Morgan, Attention: Broadridge Financial Solutions, 1155 Long Island Avenue, Edgewood, NY 11717, or telephone: 1-866-803-9204; BofA Merrill Lynch, 222 Broadway, 7th Floor, New York, NY 10038, Attn: Prospectus Department, or email: [dg.prospectus\\_requests@baml.com](mailto:dg.prospectus_requests@baml.com); or Morgan Stanley, Attention: Prospectus Department, 180 Varick Street, 2nd Floor, New York, NY 10014, or telephone: 1-866-718-1649, or email: [prospectus@morganstanley.com](mailto:prospectus@morganstanley.com).

About Pfizer Inc.: Working together for a healthier world®

At Pfizer, we apply science and our global resources to improve health and well-being at every stage of life. We strive to set the standard for quality, safety and value in the discovery, development and manufacturing of medicines for people and animals. Our diversified global health care portfolio includes human and animal biologic and small molecule medicines and vaccines, as well as nutritional products and many of the world's best-known consumer products. Every day, Pfizer colleagues work across developed and emerging markets to advance wellness, prevention, treatments and cures that challenge the most feared diseases of our time. Consistent with our responsibility as the world's leading biopharmaceutical company, we also collaborate with health care providers, governments and local communities to support and expand access to reliable, affordable health care around the world. For more than 150 years, Pfizer has worked to make a difference for all who rely on us.

### About Pfizer Animal Health

Pfizer Animal Health, a business unit of Pfizer Inc., is a global leader in the discovery, development, manufacture and commercialization of animal health medicines and vaccines, with a focus on both livestock and companion animals. For more than 60 years, we have been committed to enhancing the health of animals and bringing solutions to our customers who raise and care for them.

**DISCLOSURE NOTICE:** The information contained in this release is as of August 13, 2012. Pfizer assumes no obligation to update forward-looking statements contained in this release as the result of new information or future events or developments.

This release contains forward-looking information that involves substantial risks and uncertainties about a potential initial public offering of a minority ownership stake in Pfizer's Animal Health business. Such risks and uncertainties include, among other things, the possibility that the initial public offering will not be consummated within the anticipated time period or at all, including as the result of regulatory, market or other factors; risks relating to Pfizer Animal Health as a standalone business as the result of the variables and uncertainties inherent in business, financial and operating performance, including, among other things, competitive developments and general economic, political, business, industry, regulatory and market conditions; and the potential for disruption to Pfizer's Animal Health business as the result of the initial public offering.

A further description of risks and uncertainties can be found in Pfizer's Annual Report on Form 10-K for the fiscal year ended December 31, 2011 and in its reports on Form 10-Q and Form 8-K.

All content set forth in this communication is subject to consultation with works councils, unions and employee representatives as required by and subject to local laws and regulations.
